Free School Meal (FSM) Update

Dear Parents and Carers,

I am writing with an update regarding the FSM provision during lockdown. I am pleased to inform you that the national voucher system will be reinstated from the week beginning 18th January 2021.

School will require an email address in order to register you for your eligible voucher. Please send an email to school with this information by Thursday 14.1.2021. This will be shared and entered on the system for ordering your vouchers. The vouchers will then be sent directly to you via email.

I will keep you updated with any developments. The government has said that schools will be sent further information by 14.1.2021 to set up new accounts. From my previous experience the system can be very slow to generate vouchers so I ask for your patience.

Each child will be eligible for a £15.00 voucher each week. The voucher scheme does not apply if your child/children are attending and receiving meals in school.

Should there be any changes regarding the voucher system, I will let you know. If you have any questions, please contact school.

Kind regards,
Mrs Wheatley
Headteacher
