

## Maths at Newton Hill Community School

### **BBC Bitesize**

BBC Bitesize has simple-to-follow lessons and videos for children aged 4-14. Here they can recap units of work that they have completed in school and also play interactive games at home.

#### **Key Stage 1:**

#### **Key Stage 2:**

<https://www.bbc.co.uk/bitesize/subjects/z826n39>

### **Oxford Owl**

Oxford Owl have a wealth of information regarding maths on their website. The first link explains what maths looks like in each year group.

<https://home.oxfordowl.co.uk/at-school/>

Here they have a number of articles about each unit of maths work. Within each article, it explains what your child will learn about in each year group and also how you can help to support them at home.

### **Times Table Rock Stars**

Each child has a log in to 'Times Tables Rock Stars' (please contact your child's teacher if you need these details). The children can create their own rock name, avatar and compete in different battles, all whilst practising their multiplication and division skills.

<https://trockstars.com/>

### **Numbots**

The children can log in to Numbots using the same log in for 'Times Tables Rock Stars'. Here, they can progress through the different levels by answering addition and subtraction questions.

### **White Rose Maths**

As a school, we follow the White Rose Maths scheme of work. Here, you will find helpful documents as to how you can support your child at home with their maths skills. There are also workbooks that you can download and work through with your child if you wish.

### Topmarks Daily 10

Here children can test their arithmetic skills. They can choose which area of maths they would like to answer questions on and set the level of difficulty. The children can then check their answers at the end of the 10 questions.
