

Please note, Wakefield Council does not take responsibility for the provision of the Warm Spaces nor the organisations providing them. The organisations providing Warm Spaces are responsible for having in place and maintaining all policies and procedures listed above and do so as independent agencies not linked to the Council.

Warm Spaces

Warm Spaces are places in your local community where people can gather for free in a warm, safe, welcoming place and enjoy a hot drink or food and some company.

Everyone has a right to be warm, so expect a warm welcome from the staff and volunteers when you visit. We will continue to add Warm Space venues and their details over the Winter as they become available, so check back for a space local to you.
