

Year 1

Monday 25th September 2017

This week in class we are:

English:

- Learning the story ten in a bed and practising our capital letters and lowercase letters.

Maths:

- Developing our understanding of the vocabulary: greater than, fewer than, less than, more and equal to.

Topic:

- Learning about materials and their properties in Science. In geography we are finding out about the school and where it is. In history we are comparing toys from the past and present.

This week at home:

English:

- Read to a family member and talk about what has happened in the story.
- Practise and test your child on their recall of uppercase and lowercase letter. Do they know the letter names?
- Please find an attached spelling list. The children will be asked how to spell the words on Friday.

Maths:

- Please find an attached maths questions sheet.

Topic:

- Over the term the children can make and prepare their own project about toys or materials. This can be presented in whichever way they would like. Your child will then get the opportunity to present their project to the class once it's completed. E.g. They could bring in a toy then talk about what materials it's made from and how it works. With help they could make an information leaflet or present their ideas on a PowerPoint.

Other Information:

- Friends of the school - community day on Friday 29th September if you are available to help.
- Library books will be changed on a Wednesday.
- Homework can be sent in on Friday's or Monday's.
- P.E will be on Tuesday afternoons and Thursday afternoons.
- The book trolley will be available on a morning and afterschool for you to change your child's reading books. If you have any questions about this please just ask.
- Please send your child in with a water bottle every day.
- If you would like a quick word just grab me at the end of the school day or for a lengthier conversation please make an appointment with the office to book an available time and date, thank you.
