

Curriculum Information

Music

Rationale & Intent

At Newton Hill Community School we believe that music;

- helps to develop creativity and imagination, good listening skills, constructive criticism and the ability to express personal thoughts and feelings;
- develops the ability to take part in practical activities, both individually and in groups, that encourages and cultivates an enjoyment of different genres of music;
- reflects the culture and society people live in and so enables children to better understand the world in which they live;
- can be hugely valuable in promoting and supporting learning in other areas of the curriculum.

Aims

We aim to ensure that, by the end of Key Stage 2, *every* child will be taught to:

- play and perform in solo and ensemble contexts, using their voices and playing musical instruments with increasing accuracy, fluency, control and expression;
- improvise and compose music for a range of purposes using the inter-related dimensions of music;
- listen with attention to detail and recall sounds with increasing aural memory;
- use and understand staff and other musical notations;
- appreciate and understand a wide range of high-quality live and recorded

The Music Curriculum

The Music curriculum:

- provides breadth and balance;
- is relevant and engaging;
- is differentiated to match needs and abilities;
- where possible and appropriate, supports the school's topic cycles;
- reflects the diversity of music both within our community and throughout the world.

The Music Curriculum

In Key Stage One and Two music is taught weekly by the teachers. Newton Hill uses 'Charanga' a resource subsidised by Wakefield Music Service. This resource includes a complete scheme to teach the national curriculum for music, a vast library of songs, topics, instrument courses and creative apps as well as indepth support for assessment, SEND and personalised teaching and learning. Additional resources in school include 'Music Express' in Foundation Stage and collections of song and music books. The curriculum is supported by well-resourced tuned and untuned percussion instruments, recorders, ukuleles, ipads and class sets of laptops.

In Foundation Stage children begin their introduction to music in Nursery through their Phase 1 Letters and Sounds lessons. These daily lessons focus on different aspects of music, including; environmental sounds, instrumental sounds, body percussion, rhythm and rhyme, alliteration and voice sounds. Within these lessons children learn a wide range of different percussion instruments and the different types of noise they can make. These instruments are then available for children in designated music areas of continuous provision for children to access independently. Over a series of lessons and independent learning children are taught to;

- Build a repertoire of songs
- Explore different sounds of instruments and how these can be changed

To know how music is used for particular purposes.

To listen to pieces of music and discuss where and when they may be heard explaining why using simple musical vocabulary e.g. it's quiet and smooth so it would be good for a lullaby.

Year 3 Skills

Controlling Sounds Through Singing and Playing (Play and Perform)

Sing songs in unison and two parts

To sing in unison, becoming aware of pitch.

Play tuned and un-tuned instruments with control and accuracy

To perform simple rhythmic and musical parts, beginning to vary the pitch with a small range of notes

To practice, rehearse and present performances with an awareness of the audience

To think about others while performing.

Creating and Developing Musical Ideas (Create and Compose)

Improve, developing rhythmic and melodic material when performing

To create simple rhythmical patterns that use a small range of notes

Explore, choose and organise sounds and musical ideas with musical structures

To begin to join simple layers of sound e.g. a background rhythm and a solo melody.

Year 3 Skills

Responding and Reviewing Appraising Skills

Analyse and compare sounds

Explore and explain ideas and feelings about music using movement, dance and expressive and musical language

To explore and comment on the ways sounds can be used expressively.

To make improvements to my own work

To comment on the effectiveness of their own work and identifying and making improvements.

Year 3 Skills

Listening and Applying Knowledge and Understanding

To listen with attention to detail and to internalise and recall sounds.

To listen with attention and begin to recall sounds.

To know how the combined musical elements of pitch, duration, dynamics, tempo, timbre, texture and silence can be organised and used to communicate different moods and effects.

To begin to understand how different musical elements are combined and used to create an effect.

To know that music is produced in different ways and described through relevant established and invented notations

Inter-related Dimensions of Music

Pulse

The steady beat of a piece of music

Pitch

The melody and the way the notes change from low to high

Rhythm

The pattern of long and short sounds in a piece of music

Dynamics

Loud and soft

Tempo

Fast and slow

Timbre

The type of sound—whisper/hum/sing/talk (voice) or twinkly/hard/soft (instrument)

Structure

The way the music is laid out e.g. verse, chorus, verse

Texture

Layers of the sound (voices and instruments played together)

Progression of Inter-related Dimensions Of Music

The Interrelated Dimensions of Music

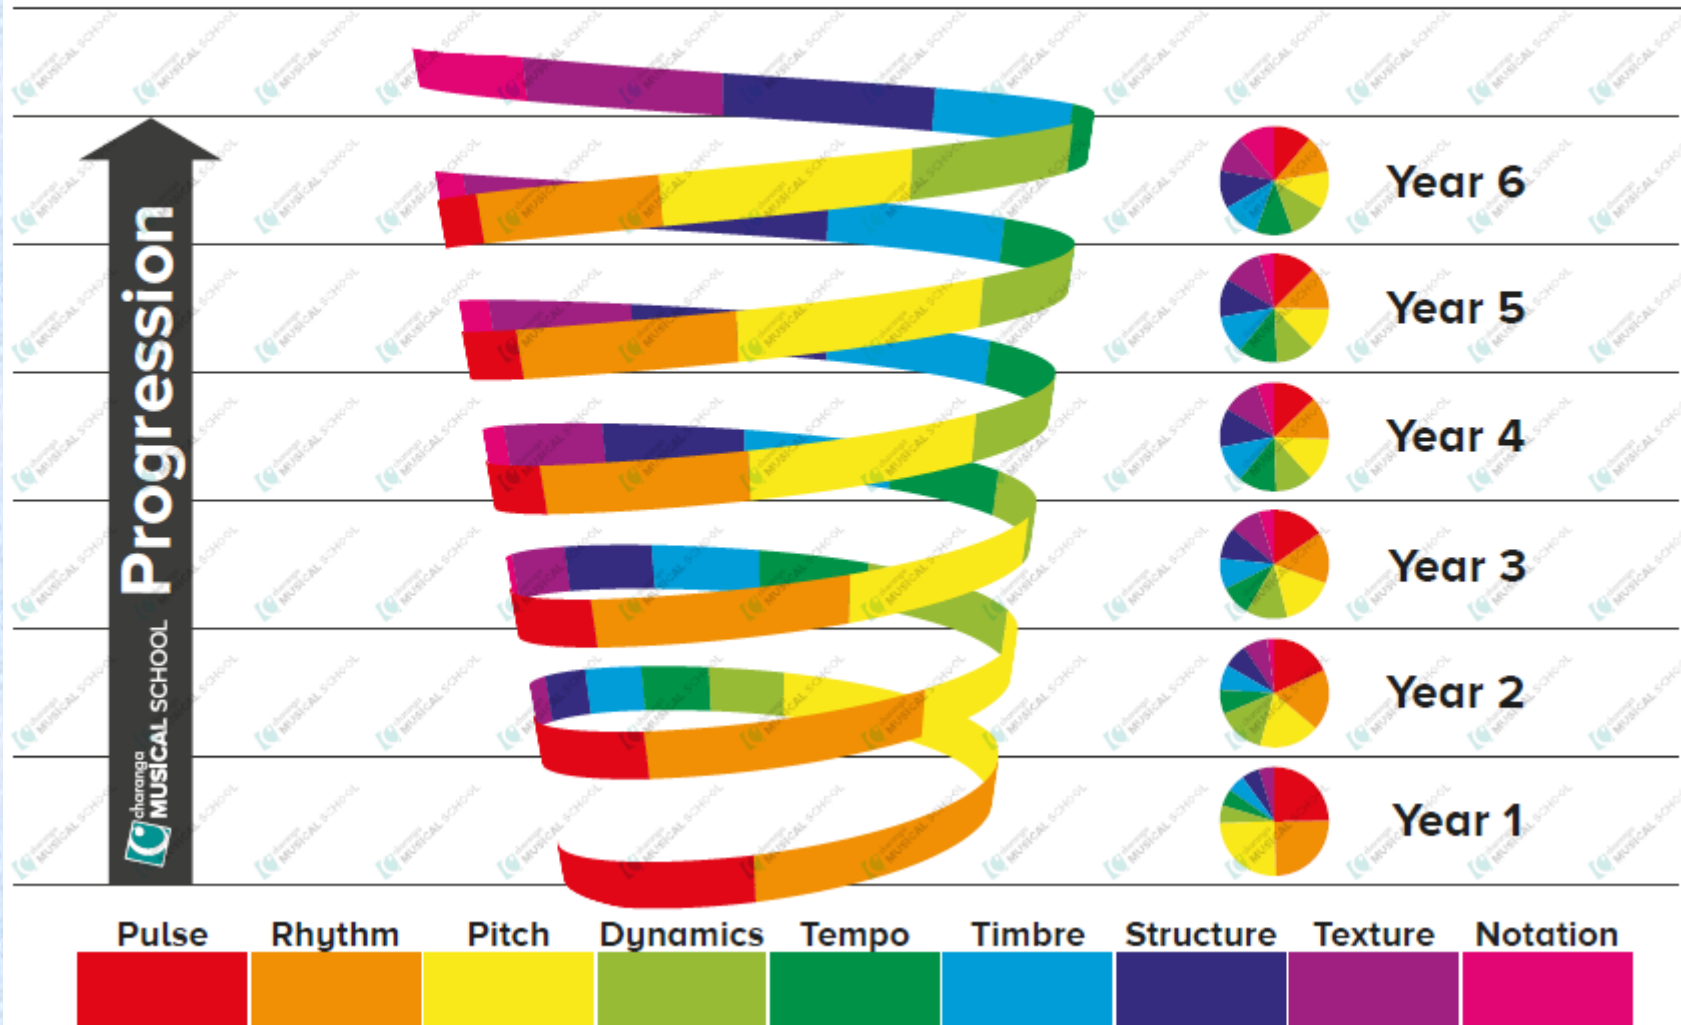

Progression through Charanga Musical School

Progression throughout the Units of Work reinforces the interrelated dimensions of music.

With each new song, always start again with the foundation of pulse, then rhythm, then pitch, adding new dimensions as you progress.

This represents an ever increasing spiral of musical learning.
